YMCA Afterschool Philosophy:

Y Afterschool programs foster the cognitive, social-emotional, and physical development through opportunities and experiences focus on developing achievement, relationships, and belonging:

- We deliver activities in a physically and emotionally safe space
- We encourage children to develop at their own unique rate.
 - We encourage skill development.
- We offer youth leadership opportunities.

At the Y, we consider ourselves allies of families in the development of youth, committed to providing opportunities to strengthen the family unit and learn, grow, and thrive together.

Afterschool Activities:

Homework Help · Physical Fitness · Nutrition Education · Math and Literacy Activities · Arts STEM Activities · Service Learning · Healthy Snacks / Dinner · Swimming · Y Clubs

Payment Calendar:

You are only being charged for the days the after school program is scheduled, which is the reasoning for changes in fees each month. Monthly Fees are broken down to \$10 / day Members, \$12 / Day Non-Members

Note: The Y follows BCSD calendar, so please make proper arrangements and keep in mind that we do not pick up Riverview/Bridges students on days that BCSD does not have off. When BCSD is in session and Riverview/Bridges is off, parents may allow students to attend the afterschool program for a drop-in rate of \$12/day/child, providing their own transportation, as those specific rates has already been adjusted per month.
